News of the wreck of a steamer that was bound for Honolulu with guano, has been received. The Norwegian S. S. Inger which had made several trips to Honolulu with guano from Ocean Island, is reported in the mail that arrived this week, to have been wrecked at Ocean Island. No details of the disaster were given. She was about due here with a cargo of guano. The S. S. Silda is now lying at this port awaiting orders to proceed to Ocean Island to load guano for Honolulu.

DETAILS OF OUTBREAK TODAY.

Full details of the outbreak are anticipated today by the steamer Mauna Loa. The steamer is due here early this morning from her run to Kona and Kau ports on Hawaii and Maui ports, and as she probably passed the place where the lava is reported to have entered the sea, complete news of the occurrence is anticipated. She is bringing a cargo of sugar but will be dispatched tomorrow on the special Kau excursion to the lava flow.

OIL BOATS DEPARTED.

The oil craft Rosecrans and Monterey, departed yesterday afternoon for Monterey. The barge Monterey was towed outside of the harbor by the tug Intrepid and anchored, after which the S. S. Rosecrans left her slip about 4 o'clock and went outside, took the tow of the barge, and got under way about 5 o'clock.

KOREA MADE BRIEF STAY.

A very brief stay was made by the Pacific Mail S. S. Korea yesterday. She arrived in the harbor shortly after 9 o'clock yesterday morning and a few minutes after 5 o'clock, was backing out of the slip, on her way to San Francisco. She made a record in discharging freight. She put out over 15,000 pieces of cargo representing 1105 tons of freight between the hours of 10 a. m. and 4:50 p. m. She took on during that time several hundred bags of rice and a quantity of bananas for San Francisco.

The vessel left Yokohama January 18. She had good weather to port with the exception of two days during the early part of the trip; nothing of special interest occurred during the run. She brought 602 Japanese passengers for Honolulu. A number of cabin passengers for Honolulu also arrived, among them being some well known Honoluluans.

C. Hedemann, manager of the Honolulu Iron Works, returned from a very successful business trip to Japan. He was accompanied by A. G. Hawes. A. Hedemann and wife were returning passengers. They have been to Hongkong.

Other passengers stopping at Honolulu were Misses Thompson and Conkey of New York, Misses Lander and MacMillan of Edinburgh and Paul Holman, who have been making a tour of the world.

Pierre Soyer, first secretary of the French legation at Peking, is en route to Paris.

The Korea took a large crowd of well known Honolulu people to San Francisco. She is due in San Francisco next Wednesday.

When the vessel went out, she was flying a handsome silk pennant from her main truck. The pennant was the gift to Captain Sandburg, the master of the vessel, by his outgoing passengers.

CLAUDINE REPORTS GLOW.

Officers of the steamer Claudine, which arrived yesterday morning from her run to Maui ports, Laupahoehoe and Hilo, report having seen glimpses of the reflection of the volcano outbreak at intervals on Wednesday night but the atmospheric conditions were too murky, to enable a good view of the reflection to be witnessed. The vessel brought a good sized crowd of passengers from the other islands and will depart at 5 p. m. today on her usual run.

MAUNA LOA SNOWFIELDS.

being covered by the new flow is worthless.

The steamer Claudine with another excursion party will leave here on Sunday. Many will take advantage of the opportunity to view the flow.

REPEATED EARTHQUAKE SHOCKS.

Slight earthquake shocks continue to be felt throughout the island of Hawaii. Postmaster T. C. Wills, of Pahala, writing to a friend in Honolulu, reports that two hundred distinct shocks have been felt at that place since the outbreak on Mauna Loa.

Another letter received in the city yesterday, bearing date of January 12, gives the impressions of another resident of Pahala. The letter, in part, says:

"Before this reaches you no doubt you will have heard by wireless of Pele's activity. She first appeared Wednesday night at her mountain home in Mokuawewewo crater, disappearing again the following night, only to reappear subsequently at one of her old resorts between Kapua and Kahuku, where she is having a grand display this evening. Passengers on the Mauna Loa will have a magnificent view of the scene tonight. I don't think it will be difficult to get to this flow. Viewing it from here it appears to be near the spot where it broke out twenty years ago.

"Thursday and Friday we felt at the least fifty shocks or more of earthquake, the greater number being slight. From former experiences of the same I expected that there would be a flow somewhere and it wasn't long before my expectations were realized.

"Thursday afternoon we had quite a heavy shock, plainly observing the trees and bushes swaying back and forth."

KILAUEA SHOWS SYMPATHY.

Word was received yesterday that Kilauea was strongly active, showing the same signs of internal disturbances as were noted during the past outbreaks at Mokuawewewo. Many tourists and visitors from Hilo have visited the Volcano House during the past week to witness the fiery manifestations.

For those who desire to see the eruption of both craters to the best advantage, the regular trip of the Mauna Loa, leaving here on Tuesday, will prove better than the special excursions leaving tomorrow. The special trips of the Mauna Loa and Kinai are principally for the benefit of those with limited time at their disposal for the trip, but the passengers on the former vessel on her next regular run will have several hours on Wednesday night to view the new flows, the vessel lying overnight in close proximity to the flow, while arrangements are under way to repeat this on the return trip to Honolulu. This will give tourists and others an opportunity of seeing the Mokuawewewo flows and also have three nights at Kilauea.

MANY PLAN THE TRIP.

The sale of tickets for the volcano excursion started yesterday at the office of the Inter-Island Company. There was a big demand for them, and with the rush to book the clerks were kept very busy during the day. Exactly 295 had booked up to 5:30 p. m. yesterday, when the office closed for the day.

It is especially requested by the agents that persons booked for the excursions, and any others in addition who may desire to make the trip, to secure their tickets today by noon, in order that the work of allotting accommodations can be completed as soon as possible.

There seems little doubt but two steamers, the Kinai and the Mauna Loa, will be sent out with the excursionists. The Mauna Loa is due this morning from Kona and Kau. It is anticipated that she will bring very complete news details of the extent and character of the lava flow and outbreak of Mauna Loa.

The following were those who had booked up to 5:30 o'clock yesterday afternoon: E. S. Riddon and wife, N. E. Gedge, Miss Stevens, F. H. Wickett, A. M. Brown and wife, H. J. Holmes, J. M. Riggs, P. of the contracts will be about \$1,500,000. The two mills that were contracted for are to be similar in size to the new mill at Wailuku and are to be up-to-date in every respect.

Most of the material for the mills will be constructed in Honolulu at the local foundry, but some of the machinery will have to be secured in New York. The company expects to have everything in readiness to ship the material from Honolulu for Formosa by December 1 of the present year. The mills have to be completed by April 1, 1908. Mr. Hedemann stated that he would send a superintendent of construction to Formosa, from Honolulu. A. C. Hawes, who accompanied Mr. Hedemann, also returned by the Korea.

THE FIRST TWINGE

OF RHEUMATISM CALLS FOR DR. WILLIAMS' PINK PILLS.

They Have Cured Many Forms of This Stubborn Disease Even in Advanced Stages.

Mr. Frank Little, a well known citizen of Portland, Iowa Co., Mich., was cured of a severe case of rheumatism by Dr. Williams' Pink Pills. In speaking about it recently, he said: "In my work I was obliged to be out in all kinds of weather and many times I would come home wet through and completely exhausted. I worried a great deal and I think this, along with my constant exposure to the cold and damp, hastened my sickness. My body was run down and in no condition to withstand disease and about five years ago I began to feel rheumatic pains in my arms and across my back. My arms and legs grew numb and the rheumatism seemed to settle in every joint so that I could hardly move, while my arms were useless at times. I was unable to sleep or rest well and my heart pained me so terribly I could hardly stand it. My stomach became sour and bloated after eating and this grew so bad that I had inflammation of the stomach. I was extremely nervous and could not bear the least noise or excitement. One whole side of my body became paralyzed.

"As I said before, I had been suffering about five years and seemed to be able to get no relief from my doctors, when a friend here in Portland told me how Dr. Williams' Pink Pills had cured him of neuralgia in the face, even after the pain had drawn it to one side. I decided to try the pills and began to see some improvement soon after using them. This encouraged me to keep on until I was entirely cured. I have never had a return of the rheumatism or of the paralysis.

Dr. Williams' Pink Pills actually make rich, new blood and have cured such diseases as rheumatism, anæmia, scurvy, after-effects of the grip and wasting fevers, nervous headaches, neuralgia, and even partial paralysis and locomotor ataxia.

The pills are for sale by all druggists or sent, postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

PLANTATION MANAGERS COMING FROM HAWAII

(Special by Wireless to the Advertiser.)

HILO, January 17.—At a meeting of the Hawaii plantation managers held here this morning John Watt, John Moir, A. Lydgate and John Hind were appointed to represent Hawaii at the general meeting of the managers of plantations to be held in Honolulu on Monday next. The delegation will leave for Honolulu by the steamer Kinai tomorrow.

J. K. Kunewa, deputy tax assessor for Ewa, has appealed from a judgment by District Magistrate S. Hoono for \$180.70 including costs against J. K. Kunewa, the claim of plaintiff having been for \$193.70 delinquent taxes. At the trial the defendant was in default; for not appearing. The appeal is against the magistrate's ruling that taxes for more than six years past could not be recovered.
